AMONG THE AUTOMOBILISTS

PRESIDENT GARY APPOINTS NEW TECHNICAL CHAIRMAN.

Henry Souther Named as Head of Automobile Club of America Committee -Will Have Charge of Bynamometer -More Speed Traps in New Jersey

Announcement was made yesterday that Judge E. H. Gary, president of the Automobile Club of America, had appointed Henry Souther as chairman of the technical com-mittee of the A. C. A. to fill the vacancy caused by the resignation of Dr. S. S. Wheeler. Souther is a technical expert on automobile subjects who is very well known in this coun try and is consulting engineer and metallur gical expert to the Association of Licensed Automobile Manufacturers. He has charge of the laboratory of the mechanical branch of the A. J. A. M. at Hartford, where the experimental work of the licensed association

s carried on.
Mr. Souther informed the members of the mechanical branch at their meeting in Cleve-land-last-week of his appointment as head of the technical committee of the Automobile Club of America, which news met with the warm approval of the mechanical branch members. He will have general charge of the A. C. A. club dynamometer, which apparatus was recently investigated by the test committee of the A. I. A. M. mechanica branch. This machine is the most complete apparatus for testing the workings of automobiles in this country and the licensed asso-ciation committee tried out a number of cars on it when they were investigating its capa-

It is expected that the appointment of Mr. Souther as head of the A. C. A. technical committee will result in closer relations between America's pioneer motoring organization and the big association of auto-mobile manufacturers. Mr. Souther has been interested in the development of auto-mobile engines since the beginnings of the industry in this country. He has been a member of the mechanical branch and test Automobile Manufacturers since the organiza ion of the branch. His appointment as chair man of the club's technical committee will ndoubtedly result in establishing unity regarding the work of the various technica committees in their tests and experiments as in addition to his connections with the A. C. A. and the A. L. A. M. he is a member of the Society of Mechanical Engineers an of the Society of Automobile Engineers.

The New Jersey Automobile and Motor Club of Newark has received reports that speed traps are being maintained in Morris avenue between Springfield and Elizabeth and on the Seven Bridges road between Millburn and Springfield avenue. The offi-Millburn and Springfield avenue. The officials of the club are still searching for a suitable building to be leased as headquarters for the organization, but no decision on this matter is expected before next month. The plan of engaging a number of rooms in an office building as headquarters has been abandoned. The board of trustees of the club have instructed Secretary Le Massena to write to members of the organization residing in Montlair Bloomfield and Glen Ridge asking them to help the committee in charge of the Montclair automobile careival on June 13 in every manner possible. These members are asked to donate the use of their cars to the carnival committee. There will be a club snoker at the clubhouse, Broad and Chestnut streets, Newark, on Thurday evening.

There is practically no doubt that the road race scheduled for July 4 on a ten mile circuit near Lowell, Mass., will have the dozen-competitors to which the contest will be limited. It has been asserted that entries have been promised of Flat, Hol-Tan, Renault, Thomas, Simplex, Isotta-Fraschini, Allen-Kingston and Stearns cars, and it is expected that Hotchkins, Apperson and Matheson machines also will be entered.

TRENTON, N. J., May 25.—Judge Lanning in the United States District Court to-day dismissed the petition upon which the writ of habeas corpus was based for the release of Richard H. Johnston, arrested here last Friday for violating the provision of the State motor vehicle law requiring non-residents to have licenses. The case will come up for hearing before Police Justice Harrison on Friday of thi week, when steps can be taken to carry the constitutional question to the higher court. The Trenton police department was informed before and that Mr. Johnston was coming to Trenton foviolate the law and his arrest was arranged for.

for.

He was arrested and had an informal hearing. He pleaded not guilty and was placed
under \$200 ball and released. In discussing
the petition for a writ of habeas corpus Judge nning says:
He has not been restrained of his liberty.
He has not been restrained of his liberty. "He has not been restrained of his liberty. He is not a prisener and there is nothing in the case therefore that justifies the court in taking any jurisdiction."

After the announcement of Judge Lanning's decision counsel for Mr. Johnston said they would probably carry the case up on a writ of certiorari.

Jefferson De Mont Thompson, chairman of the Vanderbilt cup commission, has called a special meeting of the commission for today to take action regarding the protests of the Automobile Club of France and the Royal Automobile Club of Great Britain against the conditions announced for the 1908 Vanderbilt cup race.

Allen C. Alderman, chairman of the country clubhouse committee of the Long Island Automobile Club, has notified the members of the Brooklyn organization that the formal opening and housewarming of the new country home of the club at Bay Shore, L. I., will be held on Decoration Day and Sunday. May 30 and 31. The house will be completely equipped and the dining room service in full working order, which was not the case at the time of the club-run on May 17. The committee is arranging for a clambake on Decoration Day, but in case of rain it will be held on the following day. Postal cards have been enclosed with the notices of the formal opening, so that members may notify the committee if they expect to be present.

ing, so that members may notify the committee if they expect to be present.

It is reported that the special committee appointed by the Associated Automobile Clubs of New Jersey to bring suit to test the validity of the State motor vehicle law has decided to change its plan of attack. W. Clive trosby of Newark, chairman of the committee, has refused to discuss the course to be taken by the committee, but says that a definite plan of action will be settled upon in the near future. It is asserted, however, that the committee had intended to question the right of the State to require licenses from owners of motor cars, but were told by counsel that the State had a right to impose a special tax for road improvement. It is very likely that the Associated Clubs committee will bring a test case to prove whether or uct the imposition of a tax upon non-resident votorists is constitutional. It is declared that eminent lawyers are of the opinion that this provision of the law can be defeated if the matter is taken before the highest courts. The dealers of the State are much wrought up over the clause of the new law which prohibits the transfer of licenses. The old law allowed an owner to use the old tag on a new car by paying \$1 to have it transferced. The new law requires a new license for every new car, though an owner is permitted to sign over his license and tag number to any one buying the old car.

The Yale University Automobile Club has scheduled a hill climbing contest for Shingle Hill, at West Haven, for to-morrow. The competing cars are to be divided into classes according to their cylinder volumes. Silver cups are to be awarded to the winners in each class.

The Automobile Club of America has made an arrangement with the Automobile Club de Suisse, the national automobile club of Switzerland, whereby A. C. A. members may procure from its bureau of tours triptyques for motor or any other kind of boat that owners might desire to take into Switzerland for the races, or at any other time. The "Subscribers to the Bureau of i ours" may also take advantage of this arrangement.

Triptyques for motor boats will hold good for six months, the same as those issued for automobiles. The customs deposit should be estimated at the rate of 30 francs per 100 kilps.

kilos.

If a motor boat should arrive and cross the Swiss frontier on the railroad and not be accompained by the owner the triptyques should be on hand for the inspection. In the case where the proprietor of the motor boat does not accompany same the triptyque should be attached to the bill of lading and be presented at the custom house of entry by the carrier, whether it be the railroad or some tharty in charge of the boat.

AUTOMORNIES.

N endersement with real meaning to every motoristdoubly so because previously tested merit of foreign and domestic tires determined for this

hardest race ever

Jeannette, Pa. Dear Sirs:-The Pennsylvania Tires on Dear Sirs:—The Pennsylvania Tires on the Stearns Car driven by me in the Brist-cliff Race made the best performance I have over seen in my racing experience. They were adopted for this event as a result of previous testing by me of various tires. Not only in the race itself, but even under the harder conditions of the preliminary work I found your tires absolutely dependable.

The report that I suffered with tire trouble in the race was absolutely unfounded.

Very truly.

Pennsylvania Rubber Co.,

Cleveland, Ohio, May 5, 1908.

Very truly, Athland.

REPUBLIC TIRES.

BLUES FOR VANDERBILT. Reginald Wins With Dr. Selwonk and Also in the Unicorn Class.

PHILADELPHIA, May 25 .- The weather was ideal for the opening of the Philadelphia Horse Show at St. Martin's Green to-day. In the open class for jumpers Jack Frost, tennial, Taconite, David Gray, Keswick and Red Raven made perfect jumps. The judges awarded the blue to Julian Morris's gray gelding David Gray, the red to T. J. Feroe's Red Raven, the yellow to E. H. Weatherbee' Keswick and the very highly commended to Sidney Holloway's Tacozite.

Among those shown in the class for harnes norses over 15.3 hands were: Reginald Vanderbilt's Dr. Selwonk and Amazement, George Watkins's Sensation and Commissioner, Mor ris Rosenberg's Perfection, H. L. Pratt's Operator, Richard McGrann's Scarlet Lady and Judge W. H. Moore's Senator and Orator. The crowd at once awarded the blue to Dr. Selwonk, and the judges did the same thing.

In the harness horse between 14.1 and 15 hands class were Judge Moore's White Hall Arnold, who got the blue, and George Watkins's Thelma, who took the red. Newsboy had to be satisfied with the yellow, and Reginald Vanderbilt's Phoebe Watton got only the white.

In the class for pairs there were cheers for Judge Moore's Pride of Prides and King of Kings. Then came Reginald Vanderbilt's Lord Burleigh and Lord Breoke, who beat Judge Moore's pair twice at Madison Square Garden last fall and won the national championship: Miss Mabel Hooley's Quaker Maid and Dorothea and H. L. Pratt's Operator and Queen Delta. The awards were made in the order named.

Reginald Vanderbilt had no difficulty in winning the blue in the unicorn class with his Lord Burleigh and Lord Brooke and the exquisite Siffeld Venus, although he had such fine ones to contend with as Judge Moore's Senator, Diplomat and Councilman and Harry Holloway's Flare, Sporting Ducheess and Brandon, all superb horses, which took ribbons in the order named.

OPPOSE BASEBALL DEAL. Dovey and Dreyfuss Against the Sale of St. Louis Club to Racing Syndicate.

PITTSBURG, May 25 .- That the owners both the Boston and Pittsburg teams in the National League will protest vigorously against any move on the part of the Robi-sons to dispose of the St. Louis team to a syndicate of racing men was shown here to-day when President Dovey of the Bostons had a long conference with President Barney Dreyfuss of the Pittsburgs, and it was decided to join Herrmann of Cincinnati in his proposed protest to the Robisons, who are said to be considering offers to self their team to a racing syndicate there.

Dovey said: "I certainly do not think it would be good ball business to allow any syndicate of racing men to get into St. Louis or snywhere else, and I would be much opposed to the move now reported on at St. Louis. "I talked with both Stanley and Frank De Haas Robinson last Saturday and they appeared enthusiastic over their new grand stand which will be build for next years' games. They said nothing to me about wanting to sell out."

GOOD WRESTLERS FOR TRYOUTS. Yale, Princeton and Cornell Grapplers for Olympic Team Bouts.

The wrestling tryouts for the Olympic team have attracted entries from Yale, Princeton and Cornell, and other sections of the team have attracted entries from Yale, Princeton and Cornell, and other sections of the country will be well represented. The twin brothers, G. S. and L. R. Dole, Yale, national A. A. U. champions, will try in the 133 and 119 pounds respectively. Lee C. Talbott, the hammer thrower from Cornell, will have a hack at the heavyweight class, and Princeton will be represented by Emipe Latimer in the 133 pound class. Boston will have a representative in Charles Beyer. The bouts begin to-night and continue to-morrow night at the Savage Gymnasium, West Fifty-ninth street. The entries:

119 Pound Class—W. J. Lyshon, Pennsylvania R. R. Y. M. C. A.; J. F. Cross, Brown's Gymnasium, N. Y. city; Charles Beyer. Boston, Mass.; L. A. Dale, Yale University; Robert H. Lennox, Harlem Y. M. C. A.; George Mehnert, Newark T. V.

123 Pound Class—Emipe Latimer, Princeton University; G. S. Dole, Yale University; Henry J. Sparger, National T. V.

147 Pound Class—Charles Woods and Henry Jaeckel, New York A. C.; John H. Krug, Jr. Newark T. V.: Lee C. Woodruff, Bergen Beach A. C.; D. Wortmann, German-American A. C.; A. S. Henry Harlem Y. M. C. A.; Emipe Latimer, Princeton University.

Heavyweight Class—George W. Smith, German-

Heavyweight Class—George W. Smith. German-American A. C.; Lee C. Talbott. Cornell University.

International Chess.

Special Cable Despatch to THE SUN.
PRAGUE, Bohemia, May 25.—In the sixth round of the international chess masters' tournament contested at the exposition in this city to-day Carl Schlechter, the leader, Pennsylvania Gels Rowing Race by Default.

The dead heat between the New York A. C. and the University of Pennsylvania in the first eight shells at the American Henley last Saturday was not rowed off yesterday as arranged. Two of the New York A. C. amen could not stay over from their business so the face was awarded to the Quakers. The New York A. C. carsmen came home on Sunday and were practising on the Harlem River yesterday.

Was paired with Vidmar of this city. The result was a draw, in consequence of which the Austrian retains the lead and Vidmar is tied for second place with Duras, the latter drawing his game with Spielmann. Leonhardt defeated Rabinowitsch and came up level with Duras and Vidmar. The American Marshall, lost his game against Aiapin of St. Petersburg. In the other games Bardeleben Janowski lost to Chotimirski. Drawn games were recorded between Traybal and Avicala, Rubinstein and Teichmann and Suechting and Marshall.
